

ECONOMICS PHD PROGRAM

Academic Unit: Department of Economics

Program Objectives: This program is designed for the students, whose BA or MA degree is in Economics. Program's primary goal is to provide a PhD degree of universal standards in theoretical and applied economics. The curriculum is based on economic theory and quantitative economics. In this context, the aim is to equip student with the necessary tools and knowledge with the help of a wide variety of compulsory and elective courses, which will help them acquire and improve their analytical thinking skills in the first year. PhD students are expected to write a qualified thesis that will contribute to the Economics literature. Special emphasis is given to raise future academicians. Besides being academicians, graduates of the programs can work as researchers at public and private enterprises or universities.

Medium of Instruction: Turkish

International Student Quotas: International student quotas are announced on the Graduate School of Social Sciences web site (<http://www.sbe.yildiz.edu.tr/en>) before the applications are open, each fall and spring semesters.

Admissions Calendar: Admissions calendar is announced on the Graduate School of Social Sciences web site (<http://www.sbe.yildiz.edu.tr/en>) before the applications are open, each fall and spring semesters.
